

# ADE Quick Links Guide

## Steps to add ADE Quick Links to Home Screen

### iPhone Users

1. Open Safari (web browser) on your iPhone device. Type in the URL: <http://adequicklinks.arkansas.gov> and hit 'Go'.
2. The link will open a page that looks similar to the screen shot below.
3. Tap the share button (a box with an arrow pointing up) to open the share menu. Select "Add to Home Screen"
4. In the next dialogue, modify the name of the link as you would like it to appear on your home screen and hit 'Add'.
5. You can now access ADE Quick Links using the icon from your home screen.

### Android Users

1. Open browser (eg. Firefox) and go to the URL: <http://adequicklinks.arkansas.gov>.
2. Tap on the corner menu located on the top right corner of the browser (symbol: 3 dots arranged vertically) to open the options menu which appears as shown in the screenshot below. Select "Page".
3. Select "Add To Home Screen".
4. You can now access ADE Quick Links using the icon from your home screen.
